

# Camp Weevil

## Class Descriptions

---

### Action Athletes

**All Star Sports:** Tag! You're It! In this course, campers will play a variety of team sports and even learn a few new games along the way.

**Teacher:** Dylan Trull

**Field Day Fanatics:** It's Field Day! Campers will use communication and problem-solving skills to compete in relay races such as Pass the Hoop, Limbo and Shoebox Slide.

**Teacher:** Katelyn Thomas

**Jr. Medic:** Campers will experience the excitement of being a rescue professional... learning basic first aid, CPR, stop the bleed, and more!

**Teacher:** Eric Dimi

---

### Brainiacs

**Brainstormers:** Campers will make plans, try them out, rethink, and try again. STEM-minded students will get the chance to solve problems and test their theories using math and science principles. Activities will be hands-on and will reinforce the idea that math and science can be FUN!

**Teacher:** Kristi Peters

**Hey, I Blew Up the Science Lab!:** This class will turn you into a "mad scientist" as you satisfy your inquisitive mind with hair-raising experiments.

**Teacher:** Angie Sieving

**Plane Crazy:** Ready for takeoff! This class is filled with fun activities that will teach students all about flight and flying machines. Students will have the chance to build their own paper airplane launcher and create an indoor boomerang, all while exploring the exciting world of aviation.

**Teacher:** Caitlin Cawley

# Show Stoppers

**So, You Think You Can Dance:** Channel the dancer in you! In this class, campers will learn the basic skills for jazz and hip-hop dance styles, learning the basics and putting them all together for a big dance number at the end of the week.

**Teacher: Brooke Bynum**

**Swiftie 101:** Calling all Swifties! This class will explore the life and career of Taylor Swift. Campers will find out which Era best fits their personalities, decipher hidden messages in her lyrics, come up with their own extra verses for songs, and sing karaoke. We may even make a friendship bracelet or two.

**Teacher: Maggie Thompson**

**Tube-Stars:** Wanna be a YouTube Star? This brand new class will give campers a strong foundation in online content creation. They will develop the skills needed to film themselves playing their favorite game, adding entertaining and meaningful commentary. They will also learn the importance of branding and master the art of crafting unique intros and outros.

**Teacher: Jaylin Vera**

---

# Sprinkles and Sparkles

**Cookie Craze:** Campers will learn to measure ingredients, use cookie cutters, and decorate cookies with icing. What a sweet way to spend the summer!

**Teacher: Rachel Smith**

**Mini Masterpieces:** A class packed with oodles of creative adventures and lots of masterpieces! Campers will make charcoal drawings, acrylic paintings, and sculptures out of recycled products.

**Teacher: Macy McIntosh**

**Sugar Rush:** The SWEETEST camp class of them all! Campers will learn to make some of their favorite sweet treats.

**Teacher: Loree Cox**

# Wiz Kidz

**Detective Weevil:** Campers will learn how to find evidence, uncover clues and follow their hunches during the mystery-filled week of camp.

**Teacher: Christy Hand**

**Savvy Scavengers:** Campers will explore the campus searching for items in nature using a variety of tactics.

**Teacher: Baley Fowler**

**Wizarding World of Harry Potter:** In this “magical” class, our little wizards will be sorted into their house (Gryffindor, Ravenclaw, Hufflepuff, or Slytherin) and make their own spell book and learn to stir up crazy potions.

**Teacher: Taylor Boneau**

---

## All Around Campers

**Color My World:** Campers will create a project each day, exploring different art mediums and methods to unlock their own creativity.

**Teacher: Lauren Buckner**

**Crazy Chemistry:** This action-packed class is bubbling over with fun experiments and exploding concoctions.

**Teacher: Chelsea Walden**

**Game On!** Campers will play board games and figure out puzzles.

**Teacher: Kylee Fossum**
